ACHIEVEMENTS

2018

VOLUNTEER IN AZIENDA AGRICOLA PULCINI MANUEL

Through workaway.info volunteering site, from September 1, 2018, I volunteered in an organic winery in Pisa, Italy for a month. My main motivation was to learn winemaking and the day to day working of the winery. I also helped in creating the social media presence for the company and designed their business logo and labels for two wine lines.

2015

ACCESS ALUMNI CAREER CAMP WITH AMERICAN EMBASSY

Access Alumni are the unprivileged children from various parts of Nepal that are provided special support and scholarship by the American Embassy Kathmandu for their proper academics and personal development. In February 2016, I worked as the project and event manager on the 7-day, American Embassy funded, Access Alumni Career Camp where 140 students from various parts of Nepal were brought to Kathmandu and given intensive workshops and guidance on higher studies and career development.

2014

EDITOR OF EXPLORE BIOTECH

The department of Biotechnology, WHIST, started a bi-monthly bulletin magazine, Explore Biotech which gave it's readers insight to the world of Biotechnology, the history and recent advancements regarding the field.

2013

RESEARCH MEMBER FOR TEAM AITM

In 2013, I was a part of the team that participated in iGEM 2013, a worldwide synthetic biology competition. Our research project was 'ImmunEcoli' – genetically engineered *E.coli* for increased immune response.
